THE STONEHOUSE

An aerial photograph of a rugged coastline. The land is covered in dense green trees and shrubs, with rocky outcrops visible. A parking lot with several white diagonal lines is situated on the land. The ocean is a deep teal color, with white waves crashing against the rocky shore. A circular call-to-action button is overlaid on the top left.

THE TERRACE

Elegant coastal ambience

Step outside onto The Terrace, where contemporary luxury meets the breathtaking, rugged beauty of the coastline. Stepping out from the main venue, this relaxed outdoor space offers unparalleled, private views overlooking The Cove and the dramatic surrounding cliffs.

Designed for effortless transition from day to evening, the terrace features a mix of deep-seated lounge furniture and intimate patio tables, ensuring your guests can socialise and unwind in comfort. Expansive bi-fold glass doors blend the indoor celebrations with the fresh sea breeze.

FROM DAY TO NIGHT

A seamless indoor to outdoor setting

Why choose between an indoor ballroom and an outdoor terrace when you can have both? Designed with celebration in mind, our retractable bi-fold glass doors stretch the entire length of the venue, allowing the indoor dining room to merge seamlessly with the open air.

This flow ensures your wedding breakfast feels bright, breezy, and connected to the coast. As the evening reception kicks off, give your guests the freedom to dance under the warm interior chandeliers or step directly onto the terrace to enjoy a cocktail under the stars, all without ever leaving the party.
